

## **Skin Treatment & D-Tox 21**

D-Tox 21 is an antiseptic and disinfecting agent, burned to cleanse a body or environment of impurities and used to treat many kinds of skin disorders like dermatitis and bacterial or fungal infections.

Because of its natural antiseptic properties and its essential role, D-Tox 21 also make it ideal for treating mild to moderate acne.

Therefore, D-Tox 21 is a most efficient remedy in many diseases of the skin, nose, throat, etc., the external uses of D-Tox 21 being very numerous.

D-Tox 21 might be successfully employed in the treatment of infiltrated eczema, impetigo, sycosis, acne, and psoriasis.

### **♣ HOW DOES D-TOX 21 WORK ON ACNE AND YOUR SKIN?**

Acne occurs when the sebaceous glands at the base of the hair follicles of the skin secrete too much sebum. This thick, oily substance is normally released from the pores to keep the skin lubricated and healthy. If the sebum backs up, it can form hard plugs that block the pores and cause pimples. Should one of these oil plugs rupture beneath the skin's surface, a localized bacterial infection can develop.

Hormonal imbalances can lead to an overproduction of sebum-a common problem during adolescence, especially in boys. In women, menstrual periods of pregnancy can also create acne-producing hormonal disturbances. Other acne triggers include emotional stress, the friction or rubbing of clothing against the skin, and certain medications, particularly steroids, contraceptives, or drugs that affect hormone level.

D-Tox 21 inhibits the growth of propionibacterium acnes, the anaerobic bacteria that causes acne when pores become clogged. In addition, the keratolytic action of D-Tox 21 helps the shedding of dead skin cells, which keeps pores clear. D-Tox 21 also decreases oiliness, a beneficial quality for acne individuals because oily skin makes it more difficult for dead skin cells to cast off.

In fact, your skin is revived every night more than you expect. The function of D-tox 21 is that it acts like an exfoliator eating away your cosmetics, helping make your skin clearer and smoother like that of a glass bead.
